

§ 762.126 Security requirements.

(a) *General.* (1) The lender is responsible for ensuring that proper and adequate security is obtained and maintained to fully secure the loan, protect the interest of the lender and the Agency, and assure repayment of the loan or line of credit.

(2) The lender will obtain a lien on additional security when necessary to protect the Agency's interest.

(b) *Guaranteed and unguaranteed portions.* (1) All security must secure the entire loan or line of credit. The lender may not take separate security to secure only that portion of the loan or line of credit not covered by the guarantee.

(2) The lender may not require compensating balances or certificates of deposit as means of eliminating the lender's exposure on the unguaranteed portion of the loan or line of credit. However, compensating balances or certificates of deposit as otherwise used in the ordinary course of business are allowed for both the guaranteed and unguaranteed portions.

(c) *Identifiable security.* The guaranteed loan must be secured by identifiable collateral. To be identifiable, the lender must be able to distinguish the collateral item and adequately describe it in the security instrument.

(d) *Type of security.* (1) Guaranteed loans may be secured by any property if the term of the loan and expected life of the property will not cause the loan to be undersecured.

(2) For loans with terms greater than 7 years, a lien must be taken on real estate.

(3) Loans can be secured by a mortgage on leasehold properties if the lease has a negotiable value and is subject to being mortgaged.

(4) The lender or Agency may require additional personal and corporate guarantees to adequately secure the loan. These guarantees are separate from, and in addition to, the personal obligations arising from members of an entity signing the note as individuals.

(e) *Lien position.* All guaranteed loans will be secured by the best lien obtainable. Provided that:

(1) Any chattel-secured guaranteed loan must have a higher lien priority (including purchase money interest)

than an unguaranteed loan secured by the same chattels and held by the same lender.

(2) Junior lien positions are acceptable only if the total amount of debt with liens on the security, including the debt in junior lien position, is less than or equal to 85 percent of the value of the security. Junior liens on crops or livestock products will not be relied upon for security unless the lender is involved in multiple guaranteed loans to the same borrower and also has the first lien on the collateral.

(3) When taking a junior lien, prior lien instruments will not contain future advance clauses (except for taxes, insurance, or other reasonable costs to protect security), or cancellation, summary forfeiture, or other clauses that jeopardize the Government's or the lender's interest or the borrower's ability to pay the guaranteed loan, unless any such undesirable provisions are limited, modified, waived or subordinated by the lienholder for the benefit of the Agency and the lender.

(f) Additional security, or any loan of \$10,000 or less may be secured by the best lien obtainable on real estate without title clearance or legal services normally required, provided the lender believes from a search of the county records that the applicant can give a mortgage on the farm and provided that the lender would, in the normal course of business, waive the title search. This exception to title clearance will not apply when land is to be purchased.

(g) *Multiple owners.* If security has multiple owners, all owners must execute the security documents for the loan.

(h) *Exceptions.* The Deputy Administrator for Farm Loan Programs has the authority to grant an exception to any of the requirements involving security, if the proposed change is in the best interest of the Government and the collection of the loan will not be impaired.

§ 762.127 Appraisal requirements.

(a) *General.* The Agency may require a lender to obtain an appraisal based on the type of security, loan size, and
